

TREASURER FIGHT OF MUCH INTEREST

Hargrave, Democratic Nominee in Dinwiddie, Giving Gilliam, Incumbent, Close Race.

DAY'S NEWS IN PETERSBURG

[Special to The Times-Dispatch.]
PETERSBURG, VA., November 4.—The contest for the office of treasurer of Dinwiddie county between John Hargrave, Democratic nominee, and Samuel Y. Gilliam, Independent Republican, seems to be the only one in to-morrow's election in Dinwiddie. Prince George and many counties, about which any doubt is expressed, Mr. Gilliam has held the office for several years, but friends of Mr. Hargrave have made it their active canvass and claim that he will be elected. Thomas E. Clarke, the Democratic nominee for the House of Delegates from Dinwiddie, and Dr. William R. Daniel, nominee in the district composed of Prince George and Surry counties, will be elected.

As previously stated, State Senator Charles T. Lassiter will have no opposition for re-election in the senatorial district of Petersburg and Dinwiddie, and Mr. R. B. Davis of this city, who is in opposition for the House.

Verdict for Nearly Half.
The jury, find for the plaintiff and assess its damages at \$325, was the verdict rendered in the District Court here at half-past 7 o'clock this evening in the suit of the Chester Lumber Company against the Surry Lumber Company for a balance of \$347.17 on a charge of lumber shipped to Baltimore, the plaintiffs claiming that the defendant did not meet contract requirements. The suit was tried before Judge Miller to-day. L. T. W. Marve, of Richmond, represented the Chester Lumber Company, and R. B. Davis of this city was counsel for the Surry Company.

Many Cases Before Mayor.
The Mayor's Court had a big docket this morning, a large array of sinners being brought before the Honorable Mayor. Among the cases were: A white man, arrested Saturday night at the Old Market by Policeman Gallion for drunkenness and put up such a fight that eight men were required to handle him, was fined five dollars. This is Pearly's second crazy spree in this city. When he reached here last spring from Vermont he raised a storm in the Norfolk and Western station, and was carried to a police station and locked up in a steel cage. While in the cage he became so drunk that the building caught fire and Pearly was rescued just in time to save his life.

Louis Price, colored, who was arrested yesterday by Detective Barnes and Heelan on the charge of selling cocaine, was brought before the Mayor's Court this morning, and Chief of Police Hagland was instructed to pay a correct warrant prepared and an analysis made of packages found on the negro's person, which he was retelling at the City Jail.

MEETING NOT ADVERTISED.
Mr. Gunn Explains Why There Was No One to Hear Him.
Editor of The Times-Dispatch:
Also in issue of October 28th, that a Norfolk telegram in your issue of October 31st said:

"Mr. Gunn was at the hall on time, but on came, and he went home." This refers to a meeting in the Sixth Ward at Odd-Fellows' Hall. I am satisfied that a paper with such a headline standing would not do any one an injustice, and hope you will kindly correct the impression that no one wished to hear me.

I inserted an inch square ad. in the Ledger-Dispatch in regard to the meeting in question. On October 28th, the ad. did not appear in either of the morning dailies, but explanations

EMPIRE BOOK COMPANY, 11 Pine St., N. Y.

That our American forests abound in plants which possess the most valuable medicinal virtues is abundantly attested by scores of the most eminent medical writers and teachers. Even the untutored Indians had discovered the usefulness of many native plants before the advent of the white race. This information, imparted freely to the whites, led the latter to continue investigations until to-day we have a rich assortment of most valuable American medicinal roots.

Dr. Pierce believes that our American forests abound in more valuable medicinal plants for the cure of most obstinate and fatal diseases, if we would properly investigate them; and in verification of this conviction, he offers with pride the almost marvelous cures effected by his Golden Medical Discovery, which has proven itself to be the most efficient stomach tonic, liver invigorator, heart tonic and regulator, and blood cleanser known to medical science. Dyspepsia, or indigestion, flatulency, torpidity, and even valvular and other affections of the heart yield to its curative action. The reason why it cures these and many other ailments, is clearly shown in a little book of extracts from the standard medical works, which is mailed free to any address by Dr. R. V. Pierce, of Buffalo, N. Y., to all sending request for the same.

Not less marvellous, in the unparalleled cures it is constantly making of woman's most peculiar affections, such as irregular and disordered menstruation, and other ailments, is Dr. Pierce's Favorite Prescription, as is amply attested by thousands of published testimonials contributed by actual patients. It has been cured by it of catarrhs, prostrated periods, irregularities, prolapsus, and other ailments caused by weakness, ulceration of uterus and kindred affections, often after many other advertised medicines, and physicians had failed.

Both the above mentioned medicines are wholly made up from the glyceric extracts of native medicinal roots. The processes employed in their preparation are simple and safe, with Dr. Pierce, and they are carried on by skilled chemists and pharmacists with the aid of apparatus and appliances specially designed and built for this purpose. Both medicines are entirely free from alcohol and all other harmful, habit-forming drugs, being a list of thirty ingredients as printed on each bottle-wrap.
